Buzz of the week

IM-1 WEEK-2

The first few weeks when a child is settling into an early year's setting is a time of crucial importance to their later happiness in the setting. All children are individuals and while some children will adjust fairly easily to the new environment and new routines, others will take longer to feel comfortable and secure. Children who have a positive start to their new environment are more likely to feel comfortable, relaxed and valued, feel good about themselves as learners and have a sense of belonging to the pre-school community. Most children settle in without too many concerns but there are some children who need more time to develop trust.

*Regards,
Home Room Teacher*

GREEN DAY REPORT

Green is the colour of nature. In the beginning of the session we celebrated colour of the month as 'green' as it symbolizes growth, harmony, freshness and fertility.

we made class activity by doing thumb printing, colouring, paper folding and leaf printing. we had parent connect programme where all parents with their kids participated in fun filled activities such as maze, sorting out, word search. It was a day full of fun and activities.
