

# IK3

## Buzz of the week

### IM-1 WEEK-2

*Week started with lot of activities on non standard measurements, it was followed by missing number where children learned after, before and between numbers. We even played board games through which children learned to follow logic and pattern while playing games.*

*As reading is the most important skill in developing children to learn to read we celebrated Reading Day*

*The colour Green is associated with environment the celebration of green was quite exciting, children participated in lot of activities and enjoyed the day, planting of the seeds was also part of it.*

*Regards*

### Green Day Report

Green is the colour of nature. In the beginning of the session we celebrated colour of the month as 'green' as it symbolizes growth, harmony, freshness and fertility. we made class activity by doing thumb printing, colouring, paper folding and leaf printing. we had parent connect programme where all parents with their kids participated in fun filled activities such as maze, sorting out, word search. It was a day full of fun and activities.

### National Reading Day

Edify Kanakpura celebrated the National Reading Day on 25/06/2019 Tuesday to bring focus on the importance of reading in one's life. The students were provided with age appropriate books to read and enjoy. The students of today's age lack the passion for reading, this initiative was taken by the school to bring a positive change. It was indeed an enriching and fun-filled day for the students, which ended with great satisfaction and success.
